

MAYOR BYRON W. BROWN

CITY OF BUFFALO

SLOW STREETS 2024 APPLICATION

APPLICATIONS ARE DUE AUGUST 1, 2023

Use this application form to request traffic calming, like permanent speed humps, in your neighborhood.

If you or a neighbor applied to the Slow Streets program previously, your neighborhood zone will be shown on the applicant map at www.buffalony.gov/SlowStreets. In this case, your application process will carry-forward and you do NOT need to apply again.

After submission, your application will be reviewed by DPW. If it meets the criteria for traffic calming through the program and there is Slow Streets funding available for your neighborhood zone, DPW will contact your point person and begin conducting public outreach prior to traffic calming measures being installed.

POINT PERSON

Communication regarding your application will be directed to your neighborhood zone's point person.

NAME

EMAIL

DAYTIME PHONE NUMBER

NEIGHBORHOOD ZONE

Your neighborhood zone must be a small network of low volume, mostly residential streets.

NEIGHBORHOOD ZONE NAME

BLOCK CLUB (IF APPLICABLE)

NEIGHBORHOOD ZONE BOUNDARIES

Draw your neighborhood zone map in the box below, or attach one separately. Your neighborhood zone must be a small network of low volume, mostly residential streets. Requests for single streets may not be considered and requests for major arterials will not be considered.

MAYOR BYRON W. BROWN

CITY OF BUFFALO

SLOW STREETS 2024 APPLICATION

SUBMIT YOUR APPLICATION

BY EMAIL

Submit this form as an email attachment to slowstreets@buffalony.gov

BY POSTAL MAIL

Place this form in an envelope and mail to:

Dept. of Public Works, Parks & Streets

ATTN: 2024 Slow Streets

City Hall, Rm 502

65 Niagara Square

Buffalo, New York 14202

NEXT STEPS

- The neighborhood zone point person will receive a confirmation email when your application has been received. If you submit an application but do not receive confirmation, please let us know through the contact information below.
- Your neighborhood zone will be evaluated from a traffic perspective. The boundaries may be adjusted based on factors like traffic patterns, size, and the proximity to other zones.
- If your neighborhood zone is deemed suitable for traffic calming and there is Slow Streets funding available for your neighborhood zone, DPW will contact your point person and begin conducting public outreach prior to traffic calming measures being installed.
